Over Rheumatism

Mr. James H. Allen suffered for cars with rheumatism. Many times his terrible disease left him helpless and unable to work.

He finally decided, after years of caseless study, that no one can be ree from rheumatism until the accumulated impurities, commonly alled uric acid deposits, were discoved in the joints and muscues and xpelled from the body.

With this idea in mind he consulted anysicians, made experiments and inally compounded a prescription that puckly and completely banished very sign and symptom of rheumansm from his system.

He freely gave his discovery to there who took it, with what might be called marvelous success. After ears of urging he decided to let sufferers everywhere know about his iscovery through the newspapers, ill druggists have been appointed gents for Allenrhu in this vicinity, ith the understanding that they will reely received no benefit.—Adv.

Proclamation By the Mayor

the People of Richmond:

The bakers of RICHMOND are bring ing to the attention of the people of the city the importance and cheapness of clean, well-made brend as a food. Their windows will contain emblems Their windows will contain emblems which guarantee the quality and clean-liness of their products. Bread is one of the most wholesome and antifitous of all foods, and its increased consumption will decrease the cost of living.

I commend the "Eat More Bread" campaign to your consideration, believing it worthy both from an economic and health standpoint.

Respectfully. GEORGE E. AINSLIE, Mayor.
